PADDLES

The Mix All 60 now includes a newly engineered paddle good for mixing mortar, stucco and grout. Additional paddle attachments are available as an accessory on the new Mix All or previous models.

LABOR SAVINGS

Hand held drill motors are technology of the past. They are awkward, dangerous, wear out quickly and require the full attention of the operator. The Mix All 60 batches material automatically, freeing the operator for other duties.

POWER

The fully enclosed 3/4 h.p. 110v industrial grade motor with direct gear drive provides non-stop performance on any construction project. The Mix All 60 mixer truly is contractor duty!

MINIMAL JOB SITE CLEAN UP

The Mix All 60 makes batch after batch without slinging or splashing material onto floor or wall. Compare that to the mess made with hand held paddle drills.
